He was kindness

Noah...

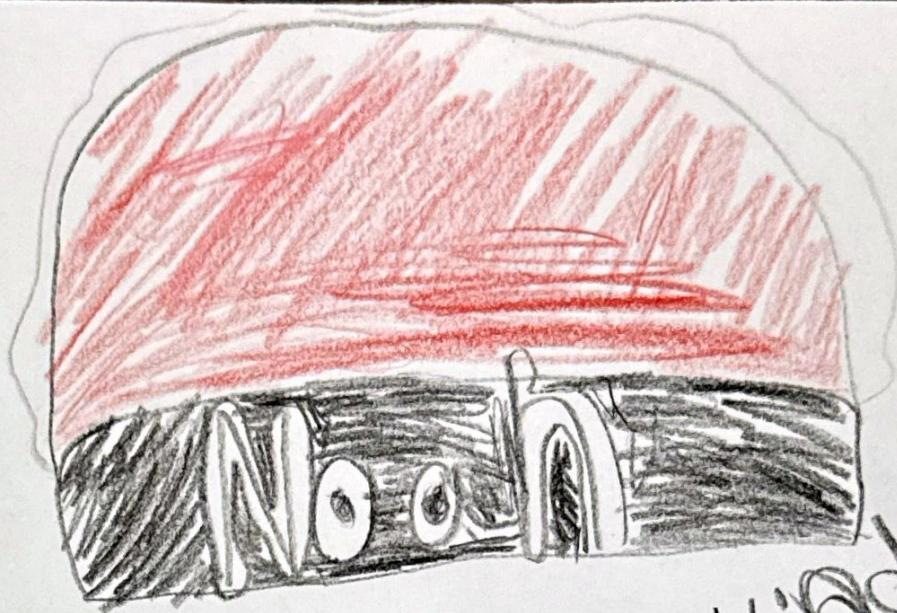

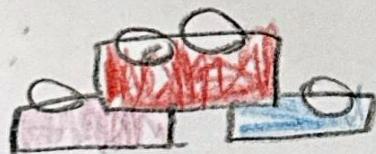

Kindness looks like when someone falls to the ground and lift them up. Kindness feels like someone making you happy. I can be kind when I make someone smile. I show kindness by being someone's friend and making them smile. I was kind to someone that forgot to bring a snack and gave them one of mine.

Kindness Poem

Kindness floats like a boat.

Kindness sparkles brighter than light.

Kindness knocks on the door when you need help.
Kindness grows where we plant it.

Kindness sounds like a friend saying I will help you.

Kindness lifts others up the way you do when
someone falls.

Kindness travels faster than the speed of light.

Kindness begins with a small act.

Kindness tastes sweet like candy.

Kindness turns strangers into friends.
